Subject: LETTER OF CONFORMITY - CE Marking for Sharps Blaster, Model SB 2410

A sample of the subject machine was tested to the safety test requirements of EC Machinery Directive 98/37/EC, EC Low Voltage Directive (2006/95/EC) and EMC Directive (2004/108/EC) at the manufacturing location by us and the test results comply with the requirements. Test reports vide 20081010101 and 20081010202 are enclosed.

After preparation of the necessary technical documentation as well as the conformity declaration the CE marking can be affixed on the product and on all products of the same type that has been identically manufactured.

The letter holder is responsible to ensure that subject product meets any other applicable directives as may be applicable and for the consistent manufacturing of the product in compliance with the test sample submitted to us.

Sincerely,

A handwritten signature in blue ink, appearing to read 'V. Ramesh', written over a light blue circular stamp.

V.Ramesh
DIVISIONAL MANAGER – Product Certification
TUV SUD SOUTH ASIA

Note: Products entering the European Union are subject to the requirements set forth in the European Directives. It is the responsibility of the person placing the product on the European market to ensure compliance with applicable Directives. Our services are intended to provide you with the data needed to determine compliance, but the person placing the product on the European market still has the responsibility to ensure each product complies with the applicable Directives. The Product liability rests with the manufacturer or his representative in accordance with Council Directive 85/374/EEC.

This letter applies only to the particular sample provided for testing and certification and does not permit the use of a TÜV PRODUCT SERVICE certification mark. It becomes ineffective in the event of changes relating to products of the above Directives.
